

Hospitality & Leisure

Protection for your organisation and premises

Specialist leisure insurance covering the whole sector

As a forward-thinking sector specialist, our clients benefit from policies designed for the leisure & hospitality sector.

Drawing on our extensive experience in this sector, we provide tailor-made solutions for those requiring liability, property, accident and contingency insurances.

Businesses in the hospitality and leisure sectors face a range of risks unique to their particular operation and covering these disparate risks with individual policies is challenging, and can result in coverage gaps.

Ascend's hospitality & leisure team develop comprehensive insurance solutions tailored to the specific needs of many types of hospitality and leisure businesses.

Protecting your business and reputation

Recent incidents highlight just how vulnerable visitor attractions, public events and the leisure industry have become to an ever-growing array of security threats. Safety also continues to command increased scrutiny. At Ascend we utilise leading crisis response experts, legal specialists and technologies to help you minimise risk. We will help you prepare, so you're ready the moment an incident takes place. A claim promise means you can count on us to help your business recover quickly.

Tailored risk management and assistance

We provide a specialist digital leisure risk management/health & safety tool to all clients.

Experience that is second to none

Specialist claims service

Our promise is to investigate, manage, and resolve your covered claim so you can get back to business as soon as possible. We understand your business and the importance of responding to a crisis quickly and appropriately.
