“Since you have taken over all our insurances, I have been impressed not only by the way you have managed them and brought our renewal dates in line with each other, but the after care service has been exceptional.

So please let all your staff be aware of the top class service they have given. I will be recommending Ascend Broking to my friends and companies that we work with.”

“Having looked around for a local, competent broker in the past year, our initial contact was made with Stuart Belbin of Ascend. We have found him to be conversant and composed, taking the worrying element away from the stress of spending enormous amounts of money on insurances. We feel confident that we are covered for all eventualities and will be moving forward with Ascend into the foreseeable future.”
